WORK EXPERIENCE

Webimpacto   Jun. 2022 – Oct. 2023
Full-stack developer *(Full & Part-time)*   *Spain (Remote)*

- At Webimpacto, I specialized in PHP full stack development, tackling diverse tasks and challenges with e-commerce and CMS websites across Spain and Europe, including projects such as: **Salter**, **Albatica**, **Ortega y Gasset**, **La Croixé**.

- Utilized technologies: ***PHP Symfony***, ***jQuery***, ***MySQL***, ***Bootstrap*** on ***Prestashop*** & ***WordPress***. Tools: ***Jira***, ***Bizneo*** where I collaborated in agile product development sprints through daily and weekly meetings to provide project updates and directly communicate with clients.

Freelancer   Apr. 2018 – Jun. 2022
Hobbyist   *Remote*

- Coded and customized Blogger sites and themes, provided voice-over services, video editing, and thumbnail design, while also managing multiple blogs using the Blogger and Wordpress platforms.

EDUCATION

University of Pècs   Sep. 2020 – Jan. 2024
Bachelors in Computer Science Engineering   *Pècs, Hungary*

- Studied Algorithms, Programming, Operating systems, Computer architecture, IP-based systems, Autonomous programming systems, and Applied mathematics.
- Joined Google Developer Club (GDC) and participated in [Android Study Jams](#).

Jenin Industrial School   Sep. 2018 – Jul. 2019
High School in Computer Maintenance   *Palestine*

- Studied Computer Hardware & Maintenance, Networking, Industrial Drawing Coding, Physics and Mathematics, achieving a GPA of **93.1%**.
