WORK EXPERIENCE

Webimpacto   **Dec. 2020 – Oct. 2023**
Full-stack developer (Full & part-time)   *Spain (Remote)*
- At Webimpacto, I specialized in PHP full stack development, tackling diverse tasks and challenges with e-commerce and CMS websites across Spain and Europe, including projects such as: [Salter](#), [Albatica](#), [Ortega y Gasset](#), [La Croixé](#).
- As a Developer,
    o I regularly engaged in daily and weekly meetings to provide project updates.
    o I directly communicated with clients to understand and fulfill their requirements.
- Utilized technologies: PHP, jQuery, Symfony, MySQL, Bootstrap.
- Platforms: Prestashop, WordPress.
- Tools: Jira, Bizneo where I collaborated in agile product development sprints, employing scrum teamwork methodologies.

Webimpacto   **Jun. 2022 – Dec. 2022**
Web developer intern (Part-time)   *Spain (Remote)*
- During my internship at Webimpacto, I gained valuable experience in PHP full stack development, assisting with various tasks and challenges encountered in e-commerce and CMS websites and their plugins.
- Developed skills in PHP, jQuery, Symfony, MySQL & Prestashop.

Freelancer
Hobbyist | 2018 - 2022
- Provided voice-over services, video editing, and thumbnail design, while also managing multiple blogs using the Blogger and Wordpress platforms.
